

Dear Mr. Auguste,

Further to the submission of the GRENLEC Operations Reports for the study there is a correction to the Queen's Park Power Station Statistics table in 2010 and 2011.

This table incorrectly lists the Fuel Density figures as provided by Texaco whereas the values are provided by Petro-caribe as part of the fuel supply contract.

Please be advised of this error.

Best Regards,

Carlyle Ince  
Acting Generation Manager
