

**CDM Proposed specific renewable technologies/  
measures submission form  
(Version 02.0)**

<b>Submitting DNA:</b>	Republic of Korea
<b>Indicate title/version of the EB guideline/procedure this submission relates to:</b>	Demonstration of additionality of microscale project activities (version 07.0, Methodological tool),  Procedure for submission and consideration of microscale renewable energy technologies for automatic additionality (version 02.0)
<b>Contact Information:</b> <i>(name of person or office, e-mail addresses and phone contacts)</i>	Tae Hoon Kim, Prime Minister's Office, Republic of Korea  Email address: <a href="mailto:env77@pmo.go.kr">env77@pmo.go.kr</a> or <a href="mailto:env77@naver.com">env77@naver.com</a>  Phone : +82-10-3757-1827
<b>Signature and stamp of the authorized signatory of the DNA:</b>	 

**INFORMATION FOR COMPLETING THE FORM**

**A. Briefly describe the summary of the proposed submission indicating the specific renewable energy technologies being recommended**

The DNA of the Republic of Korea had submitted that the CDM project activities employing some grid connected renewable energy technologies with capacity up to 5MW be considered additional based on the guideline for demonstrating additionality of microscale project activities on Jan 05, 2012. Technologies/measures recommended by DNAs and approved by the Board to be additional in the host country had remained valid for three years. But, the validity is expired now.

According to the guideline for demonstrating additionality of microscale project activities(version 07) and procedure for submission and consideration of microscale renewable energy technologies for automatic additionality (version 02.0), the DNA of the Republic of Korea are going to submits specific renewable technologies/measures submission form(Version 02.0).

☐ The recommended technologies

- Hydro
- Wind
- Solar Photovoltaics
- Renewable Biomass
- Marine(Tidal, Wave and Ocean)
