**Re.: Your communication addressed to the Chair of the CDM Executive Board titled
“Response to Communication CAR-GEN-163142 of October 21, 2016”**

Dear Mr. Lasso Vaccaro,

I would like to thank you for your communication of 30 November 2016, regarding the concerns raised in light of the recent DNA letter to the CDM Executive Board (the Board) on withdrawal of approval/authorization for Project 3237 (Note No. DM-2002-16 of October 18, 2016). Your communication has been made available to the Board in accordance with the relevant provision of the procedure for direct communication with stakeholders.¹

As informed to you earlier, I would like to reiterate that the Host Party DNA has the possibility to withdraw the approval/authorization of a project activity by giving a formal notification to the Board as per the “Process for dealing with letters from DNAs that withdraw approval/ authorization” approved by the Board.

Please also be informed that, in accordance with the “Procedure: Direct communication with stakeholders” (version 02.0),² paragraph 53(c), the Board will forward your communication to the DNA of Panama. However, please note that such forwarding does not constitute an endorsement by the Board of the content of the communication.

Thank you for contacting the Board with your request.

Yours sincerely,

Rajesh Sethi
Secretary to the CDM Executive Board
