|                           |   |   |                       |

**A.2. Location of project activities in bundle**

| Title of project activity | Address | Geographic coordinates |
|---------------------------|---------|------------------------|
|                           |         |                        |
|                           |         |                        |
|                           |         |                        |

**SECTION B. Application of selected methodologies and standardized baselines**

**B.1. Summary of ex ante estimates of emission reductions (total in the bundle)**

| Year  | Baseline emissions (t CO <sub>2</sub> e) | Project emissions (t CO <sub>2</sub> e) | Leakage (t CO <sub>2</sub> e) | Emission reductions (t CO <sub>2</sub> e) |
|---|--|---|-------------------------------|---|
| Year 1  |  |   |                               |   |
| Year 2  |  |   |                               |   |
| Year 3  |  |   |                               |   |
| Year ...  |  |   |                               |   |
| <b>Total</b>                                    |  |   |                               |   |
| <b>Total number of crediting years</b>          |  |   |                               |   |
| <b>Annual average over the crediting period</b> |  |   |                               |   |

**B.2. Establishment of baseline scenario**

>> (Indicate whether the same baseline or separate baselines are established for different project activities in the bundle. If the same baseline is established, justify the use of the same baseline.)

**B.3. Monitoring plan**

>> (Indicate whether a common monitoring plan or separate monitoring plans are prepared for different project activities in the bundle.)

**SECTION C. Crediting period****C.1. Type of crediting period**

&gt;&gt;

**C.2. Start date of crediting period**

&gt;&gt;

**C.3. Duration of crediting period**
