**Technology Type**      [Choose an item]      If other:

**SECTION 3: YOUR COMMUNICATION**

**Title/Subject**  
*Maximum 250 characters*      ASB0008 - AWD in the Philippines

**Communication Text**  
*Include background, details, and conclusion (unlimited length)*

I am with a NGO in the Philippines developing a project using Alternate Wetting and Drying to reduce methane emissions from rice cultivation, following CDM methodology AMS.III-AU and standardized baseline ASB0008 for the Philippines. I see the standardized baseline is valid through February 19, 2018. Could you please help me to better understand what that means in terms of being able to use the standardized baseline? Is it the case that the project just has to be registered by that date? Please advise. Many thanks.

**Supplemental Documents**      NA

<sup>1</sup> In accordance with the "Procedure: Direct communication with stakeholders" (version 02.0), stakeholders may address communications either (a) to the secretariat, in order to seek a fast-track technical or operational explanation regarding the implementation of existing CDM rules, or (b) to the CDM Executive Board, in order to communicate to the Board their views on CDM rules and their implementation, or to seek official clarifications of CDM rules.

If applicable, list the title(s) of any attached file(s) or link(s)	
<b>This communication may be made public</b>	Yes
