Dear Sirs, as a carbon market research organization we track cancelled CERs. i've noticed that current cancellations not always provide exact cancellation purpose. In particular, we are interested in CERs cancelled for domestic schemes, such as Korea, Colombia, Mexico, etc. We would propose to implement necessary changes at the Cancellation CERs page to improve the clarity of cancellation purpose for each batch. If possible, special attention maybe dedicated to CERs cancelled for domestic markets (ETS or carbon tax). Thank you beforehand.
