Dear Madam/Sir

**LETTER OF ENDORSEMENT FOR THE REVISED STANDARDISED BASELINE
 CONCERNING A COMMON GRID EMISSION FACTOR FOR THE GRID
 INTERCONNECTED COUNTRIES IN THE SOUTHERN AFRICAN POWER
 POOL**

This correspondence follows the submission of the revised standardized baseline
 PSB0003 (ASB0001) concerning a common grid emission factor for the grid
 interconnected countries within the Southern African Power Pool by Botswana
 Designated National Authority (DNA) on behalf of other DNAs within SADC
 region.

The South African DNA wishes to confirm its readiness to use the grid emission
 factor defined by the baseline as the only value for the purpose of CDM projects
 in the country. SA DNA takes note of the applicability conditions stated in the CDM
 EB 72 document.

Yours faithfully

MR THABANE ZULU
DIRECTOR-GENERAL
