Re.: Letter reply to UNFCCC (INQ-07171) re PGEP SLF CPA

Dear Mr. Calado III,

I would like to inform you that your communications of 26 February 2018 and 1 March 2018 to the CDM Executive Board (the Board), regarding your request for exemption from the applicability of paragraphs 168 and 169 of the CDM project standard for programme of activities (version 01.0), have been considered by the Board, at its ninety-ninth meeting.

Based on the limited information provided, in particular related to treatment of greenhouse gas emissions from the formerly registered CDM project activity, and in the absence of detailed project documentation, the Board agreed that paragraphs 168 and 169 of the CDM project standard for programme of activities (version 01.0) stand applicable and decided to reject the request for exemption.

Thank you once again for contacting the Board with your request.

Yours sincerely,

Rajesh Sethi
Secretary to the CDM Executive Board
