<b>Project Cycle Stage</b>	If other:
[Choose an item]	

*If there is no specific CDM Reference Number, please answer the remaining questions in this section (otherwise proceed to Section 3).*

<b>Host Country(ies)</b>	Myanmar
<b>Project/PoA Title</b>	
<b>Technology Type</b>	Household/building energy efficienc If other:

### SECTION 3: YOUR COMMUNICATION

<b>Title/Subject</b> <i>Maximum 250 characters</i>	Micro-scale units in small-scale projects
---	---

<b>Communication Text</b> <i>Include background, details, and conclusion (unlimited length)</i>	<p>According to Standard: CDM project standard for programmes of activities Version 01.0, paragrapgh 120 (m)- If the generic CPA is small-scale or microscale, conditions to ensure that CPAs that will be included meet the small-scale or microscale thresholds and remain within those thresholds throughout the crediting period of the CPAs. However, if the generic CPA consists solely of units that qualify as "microscale CDM units" as defined in the "Methodological tool: Demonstration of additionality of microscale project activities", these conditions are not required.</p> <p>concession granted to bypass small-scale or microscale thresholds is very useful. I request, CDMEB to extend this concession to small scale CDM projects as well. If concession to bypass small-scale threshold can be given to CPA then the same argument can be applied on small-scale projects.</p>
--	--

<b>Supplemental Documents</b> <i>If applicable, list the title(s) of any attached file(s) or link(s)</i>	According to Standard: CDM project standard for programmes of activities Version 01.0
---	---

<b>This communication may be made public</b>	Yes
