Re: Question about project process

Dear Mr. Jaeseung,

I would like to thank you for your communication of 28 September 2018, with regard to question about project process.¹ Your communication has been made available to the CDM Executive Board (the Board) in accordance with the relevant provision of the procedure for direct communication with stakeholders.¹

The term cancellation of contract including the CDM project is not clear from your submission. If you are alluding to de-registration of CDM project (PCP-PA, paragraph 289), then we would like to inform that a CDM project activity that has been deregistered may not be reregistered as a CDM project activity or included as a component project activity in a registered CDM programme of activities. (PCP-PA, paragraph 299).

Registration of a new project activity in the same physical or geographical location at which a project activity whose crediting period has or has not expired may be possible and you may refer to the CDM project standard for project activities (version 01.0),² paragraphs 41 to 45.

Thank you once again for contacting the Board with your request

Yours sincerely,

Rajesh Sethi
Secretary to the CDM Executive Board
