

**Stakeholder Communication Form**  
**(Version 01.0)**

*This form shall be used for any CDM-related communication with the UNFCCC secretariat or the CDM Executive Board. All the questions are mandatory unless otherwise indicated.*

*The completed form and any supplemental documents shall be submitted electronically to [cdm-info@unfccc.int](mailto:cdm-info@unfccc.int), or via fax to +49-228-815-1999 or via post to: Sustainable Development Mechanism (SDM) Programme, UNFCCC secretariat, P.O. Box 260124, D-53153 Bonn, Germany.*

**SECTION 1: COMMUNICATION HEADER**

*Please provide your contact information.*

**Title:** Mr.                      **First Name:** William                      **Last Name:** Farmer

**Name of Organization:** IUGANDA Carbon Bureau Ltd                      **E-mail Address:** billfarmer@ugandacarbon.org

**Postal Address:** Box 70480 Kampala                      **Phone Number:** 256752644611  
**Country:** Uganda                      *Include country code (e.g. +49-228-815-1999)*

**Stakeholder Type:** CDM Coordinating/Managing Entity (CME)                      If other:

*Please indicate from whom you would like to get an answer.*

**This communication is addressed to<sup>1</sup>:** Chair of CDM Executive Board (normal track)

**SECTION 2: PROJECT ACTIVITY OR PROGRAMME OF ACTIVITIES (PoA)**

*If this communication refers to a specific CDM project activity/PoA, please answer questions in this section (otherwise proceed to Section 3).*

**Project/PoA Ref. Number**                      07014                      If applicable, CPA Ref. Number:  
*5-digit# format 01234*                      *8-digit# format 0123-4567*

**Project Cycle Stage**                      Renewal                      If other:

*If there is no specific CDM Reference Number, please answer the remaining questions in this section (otherwise proceed to Section 3).*

**Host Country(ies)**                      \_\_\_\_\_

**Project/PoA Title**                      \_\_\_\_\_

**Technology Type**                      [Choose an item]                      If other:

**SECTION 3: YOUR COMMUNICATION**

<b>Title/Subject</b> <i>Maximum 250 characters</i>	Confirmation to use AMS-I.E version 10.1 in the RCP updating of the PoA DD (re:SSC756) thereby allowing the eligibility of solar electric cookers under the PoA
<b>Communication Text</b> <i>Include background, details, and conclusion (unlimited length)</i>	Our PoA 7014 provides full support to a wide range of independent project developers who want to have their CPAs included into a PoA to provide their improved cookstove-using members to earn CERs.  Our motivation to add a second meth (AMS-I.E) to our PoA was to encourage stove suppliers and users to move away from the use of biomass fuels (and in particular non-renewable biomass), and to switch to less (or zero) polluting fuels. Hence, we were pleased to have been chosen by the Pesitho/CARITAS joint venture as the PoA that they wish to join with their innovative improved

<sup>1</sup> In accordance with the "Procedure: Direct communication with stakeholders" (version 02.0), stakeholders may address communications either (a) to the secretariat, in order to seek a fast-track technical or operational explanation regarding the implementation of existing CDM rules, or (b) to the CDM Executive Board, in order to communicate to the Board their views on CDM rules and their implementation, or to seek official clarifications of CDM rules.

	<p>solar electric cooker (ECOCA) that solely uses households' domestic solar energy.</p> <p>The updating of our PoA DD 7014 for our current Renewal of Crediting Period by, inter alia, adding solar electric cookers and a new generic CPA-DD in accordance with the latest version of AMS-I.E, means that all the biomass cook stoves being used by households that will receive solar electric cookers will be fully replaced. Thus, the new solar cookers will not be an addition to a household's biomass cook stoves, as they will be scrapped, and no 'stacking' will take place.</p> <p>The respective tracking and monitoring work of the CPA and the CME will allow the use of the solar electric cookers to be carefully recorded.</p> <p>In the PS-PoA, version 2.0., our reading of paragraph 167(b), where there are two options, option (ii) guided us with the text "Two different project activities are considered to be using the same technologies if they undertake the same course of action that results in the same kind of effect (e.g. two projects using the same management practice such as fuel switching) where we understand the same course of action is the cooking of food, using either biomass or solar electricity).</p> <p>Our clarification request to the Meth Panel (SSC 773), was considered at MP 81 where it was elevated to the EB (Para 41 "The MP recommended that the Board approve the clarification"). We understand that MP members were generally in favour of us being allowed to include CPAs with improved electric solar cookers into our PoA 7014. However, there was no consideration of this recommendation or a ruling at EB 106 in respect of our clarification request.</p> <p>As there was no ruling, or encouragement from the Board at EB 106 for us to use Para 295 of the PS for PoAs "to combine a request for approval of any types of changes to the registered CDM PoA with a request for renewal of the PoA period", this has now stalled the process of us completing our Renewal of Crediting Period submission.</p> <p>We now request the EB to guide our use of such a combined request in accordance with the "CDM project cycle procedure for programmes of activities", as this is the combination that we wish to use. Hence we have submitted this further communication to the EB for its consideration by circulation to its members, without awaiting the next formal meeting of the EB.</p>
<p><b>Supplemental Documents</b> If applicable, list the title(s) of any attached file(s) or link(s)</p>	
<p><b>This communication may be made public</b></p>	Yes
