Dear CDM Team,

This refers to the review questions raised on the RCP of PA-9828 (<https://cdm.unfccc.int/reviews/DB/rfr130115866>) by CDM EB and its implication on our CDM projects after 31st December 2020.

The reason referred behind this rejection is very surprising and perplexing. We are deeply concerned that no prior communication regarding lack of directives from CMP whatsoever was made to any of the CDM stakeholders including large number of CME's/Project Participants/Focal points etc.

<sup>1</sup> In accordance with the "Procedure: Direct communication with stakeholders" (version 02.0), stakeholders may address communications either (a) to the secretariat, in order to seek a fast-track technical or operational explanation regarding the implementation of existing CDM rules, or (b) to the CDM Executive Board, in order to communicate to the Board their views on CDM rules and their implementation, or to seek official clarifications of CDM rules.

|   |   |
|---|---|
|   | <p>As a result, most of our existing projects are stalled with no clarity on recovery of huge investments that have been made into our CDM PAs/PoAs by investors. Besides we are not clear about how to proceed with ongoing validation and verifications in absence of sufficient information on future of our projects. Our ERPAs have strong liabilities if we fail to deliver CERs on our projects over the period 2021-25, committed to KETS.</p> <p>Therefore, would like to seek clarification on the following points;</p> <ol style="list-style-type: none"> <li>1. Will the inclusion of CPAs in already registered PoA be allowed after 31st December 2020?</li> <li>2. Will registration of Projects/PoAs allowed after 31st December 2020?</li> <li>3. Will Projects / PoAs be allowed to issue credits after 31st December 2020, (CERs generated before 01st Jan 2021).</li> <li>4. Will Projects / PoAs be allowed to issue credits after 31st December 2020, (CERs generated on or after 01st Jan 2021).</li> </ol> <p>Your response on the above queries will help us to respond our investors and stakeholders on their serious concerns about the future of their investments and also plan our CDM projects' strategy for the remaining year.</p> |
