Host Country(ies)	
Project/PoA Title	
Technology Type	[Choose an item] If other:
SECTION 3: YOUR COMMUNICATION	
Title/Subject <small>Maximum 250 characters</small>	CDM registration after 31.12.2020
Communication Text <small>Include background, details, and conclusion (unlimited length)</small>	Since our company is currently developing international GHG reduction projects and is planning to register them under the CDM, we would like to raise the following questions to you: 1) Is a registration of CDM projects after the end of the year 2020 possible? 2) Is a verification and certification of monitoring periods with a duration beyond 31/12/2020 possible? 3) If a registration of CDM projects after the end of the year 2020 is not possible, should we simply stop to develop the projects or do you suggest any alternative? 4) For existing CDM projects with a current crediting period ending in mid-2021, shall they go for a re-validation right now or shall they rather wait until the end of COP 26 in November 2021?
Supplemental Documents <small>If applicable, list the title(s) of any attached file(s) or link(s)</small>	-
This communication may be made public	Yes

¹ In accordance with the "Procedure: Direct communication with stakeholders" (version 02.0), stakeholders may address communications either (a) to the secretariat, in order to seek a fast-track technical or operational explanation regarding the implementation of existing CDM rules, or (b) to the CDM Executive Board, in order to communicate to the Board their views on CDM rules and their implementation, or to seek official clarifications of CDM rules.
