

Agenda item 4.1.

Paragraph 29 of the annotated agenda

**Request for mandate to revise “ACM0022:
Alternative waste treatment processes”.**

CDM EB 107

Virtual meeting

21 to 23 September, 30 September to 2 October and 5 October 2020

In recent months, several requests for clarification have been received on the approved consolidated methodology “ACM0022: Alternative waste treatment processes” (AM_CLA_0283, AM_CLA_0284 and AM_CLA_0285).

At MP82, while considering these requests, the Panel noted inconsistencies and ambiguities in the language used in some parts of the methodology and agreed to recommend that the Board provide a mandate to revise the methodology accordingly.

Purpose

The revision of ACM0022 would address inconsistencies and ambiguities identified in some parts of the methodology.

Key issues and proposed solutions

Three requests for clarification have been received on ACM0022 (AM_CLA_0283, AM_CLA_0284 and AM_CLA_0285), each including several questions on the language used by the methodology.

While considering the responses to these requests, the Panel identified certain inconsistencies and ambiguities, and agreed to propose a revision of the methodology.

The revision would address inconsistencies and ambiguities identified in some parts of the methodology.

Recommendations to the Board

The Panel recommended that the Board provide a mandate to revise the approved consolidated methodology “ACM0022: Alternative waste treatment processes”.
