Interaction with the AIE/DOE Coordination Forum

Topics

- **Regulatory Issues of the AA**
- **Relaxing of mandatory site visits by DOEs**

Regulatory Issues of the AA

- Some annexes / work on digitization
- On the agenda since long time
- Useful, if transfer to PA world is ensured
- Additional burden, if application is only secured for a couple of years

Relaxing of mandatory site visits by DOEs

- Process applied in 2020 was really appreciated
- Extension is requested
- Period should be long enough to enable proper planning
- Lesson learnt (from remote audit approaches) should be collected and shared

Thank you for your attention!
