SECTION 3: YOUR COMMUNICATION

Title/Subject Suggestion of extending the currently valid deadline for the submission of requests of renewal of crediting period for CDM project activities
Maximum 250 characters

Communication Text We at UniCarbo - Energia e Biogás Ltda. (UniCarbo) act as CDM consultancy/advisory service providers (with special focus in initiatives/project activities (PAs) promoting renewable energy and collection, destruction and/or utilization of landfill gas (LFG) and other types of biogas). Like other practitioners of the CDM, in December/2019 we were very thankful with the decision of the CDM Executive Board (CDM-EB) on its 105th meeting (EB 105) of extending to 30/09/2020 the previously agreed 31/12/2019 deadline for the submission of requests of renewal of crediting period for project activities (PAs) and component project activities (CPAs) (of which crediting period has expired prior or on 30/09/2019 (i.e. "overdue cases").
Include background, details, and conclusion (unlimited length)

¹ In accordance with the "Procedure: Direct communication with stakeholders" (version 02.0), stakeholders may address communications either (a) to the secretariat, in order to seek a fast-track technical or operational explanation regarding the implementation of existing CDM rules, or (b) to the CDM Executive Board, in order to communicate to the Board their views on CDM rules and their implementation, or to seek official clarifications of CDM rules.

	<p>Also we would like to thank the Board for the previous extension until 31/12/2020 of the following projects:</p> <p>Project 137: Brazil MARCA Landfill Gas to Energy Project; Project 1240: Hasars Landfill Gas Project; Project 3995: El Guacal Landfill Gas Flaring Project; Project 4324: MONTENEGRO LANDFILL GAS RECOVERY AND FLARING; Project 6553: CGR Guatapara Landfill Project.</p> <p>We however respectfully bring to the attention of Board that due to all travelling and business related restrictions caused by the COVID-19 pandemic we were unable to complete the above mentioned renewals of crediting periods in the extra 3 months awarded. The uncertainty of post 2020 CDM future has also resulted in some extra difficulty for PPs to renew the crediting periods.</p> <p>In light of all these circumstances, we would like to suggest to the Board to consider having the currently valid and above referred deadline of 31/12/2020 being extended for the above mentioned project. A decision in this direction would definitely contribute for the successful continuation of different PAs / CPAs (from which project participants and Coordinating Managing Entities (CMEs) and related CDM consultants/advisors are struggling on meeting a deadline that unfortunately seems not to be achievable due to a pandemic that is sadly affecting all of us worldwide).</p>
