Re.: Your communication to the Board dated 11 February 2021

Dear Mr. Patil,

I would like to thank you for your communication of 11 February 2021 which has been made available to the CDM Executive Board (the Board) in accordance with the relevant provision of the procedure for direct communication with stakeholders.¹

On your first issue, the information requested to be made public in your communication is treated as confidential and therefore cannot be made public.

On your second issue, please note that the usability of the CDM registry is reviewed and improved subject to cost-benefit-analysis and availability of resources. Your request in this respect is noted for further consideration.

On your third issue, (a)–(c) and (e) are covered by the CDM project cycle procedures. The focal points may contact the CDM registry with specific cases for guidance. On issue 3(d), please note that Party authorization of a legal entity to participate in a CDM activity is required for participation in certified emission reduction (CER) transactions for that CDM activity. Therefore, it is not possible to forward CERs from the pending account to legal entity(ies) not authorized as project participant(s).

Thank you for contacting the Board with your request.

Yours sincerely,

James Grabert
Secretary to the CDM Executive Board
