Re.: Your communication to the Board dated 23 March 2021

Dear Mr. Kurashige,

I would like to thank you for your communication of 23 March 2021 which has been made available to the CDM Executive Board (the Board) in accordance with the relevant provision of the procedure for direct communication with stakeholders.¹

The CDM does not label certified emission reductions (CERs) as eligible for the Carbon Offsetting and Reduction Scheme for International Aviation (CORSIA). However, the information on the start of the first crediting period of CDM activities, their type and monitoring periods for the issued CERs, along with the amount and originating country, as requested by you, is publicly available in the “[Database for PAs and PoAs](#)” (‘CDM activities’ and ‘Issuances’ tabs) which can be accessed from the UNFCCC CDM website. This database is updated monthly.

In addition to the database, serial numbers of CERs are published on the respective CDM activity pages on the UNFCCC CDM website accessible here (for project activities): <https://cdm.unfccc.int/Projects/projsearch.html> and here (for programme of activities): <https://cdm.unfccc.int/ProgrammeOfActivities/registered.html>. These pages are updated at the time of issuance of CERs. CER trading partners are responsible for confirming the validity of CERs against the CORSIA requirements based on the CER serial numbers. Description of CER serial number is provided in Annex F of the [Data Exchange Standards for Registry Systems under the Kyoto Protocol](#).

Page 2

CERs issued to CDM activities may not all be available for cancellation and use within CORSIA as the project participants may have contractual obligations to deliver CERs for other purposes.

Thank you for contacting the Board with your request.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'James Grabert', with a stylized flourish extending to the right.

James Grabert
Secretary to the CDM Executive Board
