SECTION 3: YOUR COMMUNICATION

Title/Subject
Maximum 250 characters Expansion of non site visit to CDM due to pandemic

Communication Text
Include background, details, and conclusion (unlimited length)

This request is related to the extension of time to do validation and verification without site visit due to the current pandemic, beyond June 2021. We know some countries are implementing vaccination campaigns, mainly, in Europe and NorthAmerica, however, most of countries were CDM projects are implemented are under huge peaks of pandemic and not allow international travels or yes but they have very demanding confinement that make impossible to plan international travels to the projects sites.

Thus, considering this international scenario, we request to exclude the validation and verification of CDM of on site inspection till conditions be suitable in terms of healthy.

¹ In accordance with the "Procedure: Direct communication with stakeholders" (version 02.0), stakeholders may address communications either (a) to the secretariat, in order to seek a fast-track technical or operational explanation regarding the implementation of existing CDM rules, or (b) to the CDM Executive Board, in order to communicate to the Board their views on CDM rules and their implementation, or to seek official clarifications of CDM rules.
