## 1. Introduction

1. The Executive Board of the clean development mechanism (CDM) (hereinafter referred to as the Board) considered the requirements in paragraph 130 of the “Clean development mechanism project cycle procedure for project activities” (PCP-PA) (version 03.0) (CDM-EB93-A06-PROC) and paragraphs 172 and 175 of the “Clean development mechanism project cycle procedure for programmes of activities” (PCP-PoA) (version 03.0) (CDM-EB93-A09-PROC) regarding the process for approval or notification of post-registration change to change the start date of the crediting period.

## 2. Clarification

2. The Board clarifies that, for a post-registration change to delay the start date of the crediting period of a registered CDM activity or a component project activity included in a registered programme of activities, the request for approval or the notification of such post-registration change, respectively, may only be submitted before the expiry of the first crediting period.
