

CDM and Article 6 support RCC Kampala activities

William Otieno
Regional Lead

African CDM DNA Regional Forum

Libreville, Gabon, 31 August to 1 September 2022

- ❖ **Support to the National Treasury (Kenya) on the Green Fiscal Incentives Policy Framework**
 - Financial support provided by the CiACA initiative
- ❖ **Feasibility study for an East African Community Exchange Platform (EACX)**
 - The EACX is seen as a platform for expanding participation in carbon markets in East Africa
- ❖ **Outreach activities with the Eastern Africa Alliance on Carbon Markets and Climate Finance**
 - a) Held a webinar to discuss the Article 6 outcomes, implications for countries, and the next steps in implementation.
 - b) Private Sector Workshop - COP26 debrief on the role of Article 6 and VCM activities in Eastern Africa

Project support

- Continuous support (technical and procedural guidance) to project developers on CDM/Art.6 transition-related cases (24 queries received between Jan and Aug 2022).

Standardized baselines

- Grid emission factor for the national power grid of Uganda approved (effective 10 August 2022) by the CDM Executive Board.
- Update of Institutional Cook Stoves SB for Uganda (ongoing)

Article 6

- TORs have been developed to hire a Regional Art.6 Expert

Virtual Regional Dialogues on Article 6

The Africa Article 6
Virtual Dialogue
took place on 10
May 2022

*United Nations
Climate Change*

A survey was later
conducted to
supplement on the
views gathered
during the dialogue
