

CDM-MP90-AA

Annotated agenda

Methodologies Panel ninetieth meeting

Version 01.0

Date of meeting: 14 to 17 February 2023

Place of meeting: Virtual

United Nations
Framework Convention on
Climate Change

TABLE OF CONTENTS		Page
ANNOTATIONS TO THE PROPOSED AGENDA		3
AGENDA ITEM 1.	AGENDA AND MEETING ORGANIZATION	3
Agenda item 1.1.	Opening.....	3
Agenda item 1.2.	Adoption of the agenda.....	3
AGENDA ITEM 2.	GOVERNANCE AND MANAGEMENT MATTERS	3
Agenda item 2.1.	Matters related to the MP.....	3
Agenda item 2.2.	Upcoming deadlines of relevance to stakeholders.....	3
AGENDA ITEM 3.	REGULATORY MATTERS	4
Agenda item 3.1.	Standards/tools	4
Agenda item 3.2.	Other issues	8
AGENDA ITEM 4.	CONCLUSION OF THE MEETING	8

Annotations to the proposed agenda

Agenda item 1. Agenda and meeting organization

Agenda item 1.1. Opening

1. ► **Action:** The Chair of the Methodologies Panel (MP) shall open the 90th meeting of the MP.

Agenda item 1.2. Adoption of the agenda

2. ► **Action:** The MP may wish to adopt the proposed agenda of the 90th meeting.

Background: The agenda was drawn up based on submission requests and mandates from the clean development mechanism (CDM) Executive Board (hereinafter referred to as the Board).

3. ► **Action:** The members of the MP may wish to provide statements on any potential conflict of interest concerning the issues on the agenda for the meeting, and take action, as appropriate.

Background: In accordance with paragraph 30 of the “Terms of reference of the support structure of the CDM Executive Board”, members of a panel or working group shall abide by the code of conduct of the Board. They shall declare whether they have a pecuniary or financial interest in an issue presented to them as a member of the panel or working group and refrain from participating in any discussion or decision on the issue.

Agenda item 2. Governance and management matters

Agenda item 2.1. Matters related to the MP

4. ► **Action:** The MP may wish to take note of the update on the outcome of the 116th meeting of the Board relevant to the work of the MP.

Background: There has been one Board meeting (EB 116) since the last MP meeting.

Agenda item 2.2. Upcoming deadlines of relevance to stakeholders

5. ► **Action:** The MP members may wish to confirm the deadline for submissions to be considered at the 91st meeting of the MP.

Background: The secretariat shall publish the deadlines for the submission of proposals of new methodologies, requests for revisions and requests for clarifications to be considered by the MP at its next meeting. The panel shall make every effort to initiate the consideration of the proposal at the meeting, considering the priorities set by the Chair of the panel for that meeting.

Agenda item 3. Regulatory matters

6. ► **Action:** The MP may wish to take note of the overview of the top-down and bottom-up proposed standardized baselines.

Background: The secretariat will brief the MP on the status of top-down and bottom-up proposed standardized baselines processed in accordance with the “Procedure: Development, revision, clarification and update of standardized baselines”.¹

7. ► **Action:** The MP may wish to take note of the update on the relevant regulatory matters, work carried out by consultants and desk reviews finalized since the last meeting of the MP.

Background: The secretariat will brief the MP on relevant regulatory matters (e.g. fast-track clarifications), work carried out by consultants and desk reviews finalized since the last meeting of the MP in accordance with the “Procedure: Development, revision and clarification of baseline and monitoring methodologies and methodological tools”.²

Agenda item 3.1. Standards/tools

(a). Standards for CDM project activities and programmes of activities

8. ► **Action:** The MP may wish to note that no proposed standardized baselines are to be considered at this meeting.

Background: Development of standardized baselines are based on bottom-up submissions or top-down process in accordance with the “Procedure: Development, revision, clarification and update of standardized baselines”.

(i). New methodologies and tools (large-scale)

9. ► **Action:** The MP may wish to consider the proposed new large-scale methodology “NM0381: Emission reduction by hydrogen production from renewable energy sources”.

Background: Development of new methodologies and tools are based on bottom-up submissions of proposed new methodologies or top-down processes in accordance with the “Procedure: Development, revision and clarification of baseline and monitoring methodologies and methodological tools”.

10. ► **Action:** The MP may wish to consider the new large-scale methodology “Renewable energy generation for captive use”.

Background: The Board, at its 113th meeting (EB113 meeting report, para. 48), requested the MP to revise “ACM0002: Grid-connected electricity generation from renewable sources”, or develop a new methodology to clarify the applicability and requirements in relation to wheeling and banking of renewable electricity fed into the grid by the project activity before its use, and submit the revised methodology or new methodology, together with the revised response to the request for clarification AM_CLA_0297 (see paragraph 14 below).

¹ The procedure is available on the UNFCCC CDM website at:
<<http://cdm.unfccc.int/Reference/Procedures/index.html#meth>>.

² The procedure is available on the UNFCCC website at:
<<http://cdm.unfccc.int/Reference/Procedures/index.html#meth>>.

(ii). Revisions of approved methodologies and tools (large-scale)

11. ► **Action:** The MP may wish to consider the following submitted requests for revision:

- (a) “AM_REV_0262: Request to revision of ACM0002 to integrate battery energy storage system (BESS) to renewable energy projects supplying electricity to the captive user and or sale through open access” for the revision of the methodology “ACM0002: Grid-connected electricity generation from renewable sources” (ver. 20.0);

Background: Requests for revision are considered by the MP in accordance with the “Procedure: Development, revision and clarification of baseline and monitoring methodologies and methodological tools”.

- (b) “REV_TOOL_0005: Inclusion of harmonized IFI default grid emission factors in the ‘TOOL07: Tool to calculate the emission factor of an electric system’” for the revision of the methodology “ACM0002: Grid-connected electricity generation from renewable sources” (ver. 20.0).

Background: Requests for revision are considered by the MP in accordance with the “Procedure: Development, revision and clarification of baseline and monitoring methodologies and methodological tools”.

12. ► **Action:** The MP may wish to consider the top-down revision of following methodologies applicable to compact fluorescent lamps (CFL) technologies (see also paragraph 17 below):

- (a) “AM0046: Distribution of efficient light bulbs to households”;
- (b) “AM0113: Distribution of compact fluorescent lamps (CFL) and light-emitting diode (LED) lamps to households”.

Background: The Board, at its 116th meeting (EB116 meeting report, para 29), requested the MP to review and, if needed, revise the methodologies AM0046 and AM0113 to clarify eligible energy efficient lighting technologies. In addition, the Board requested the MP to further assess the eligibility of different compact fluorescent lamps technologies as project technologies (e.g. considering the additionality aspects and environmental impacts of disposal) and propose limitations where deemed necessary.

13. ► **Action:** The MP may wish to consider requesting a mandate from the Board to revise “ACM0017: Production of biofuel”.

Background: In accordance with paragraph 74 of the “Procedure: Development, revision and clarification of baseline and monitoring methodologies and methodological tools”, the MP may propose that the Board revise an approved methodology or methodological tool at any time.

(iii). Requests for clarification of methodologies and tools (large-scale)

14. ► **Action:** The MP may wish to consider the request for clarification “AM_CLA_0297: Clarification regarding application of ACM0002 for captive purpose” (regarding ACM0002, ver. 20.0).

Background: The Board, at its 113th meeting (EB113 meeting report, para.48), considered the recommendation of the MP to approve the clarification prepared in response to the request for clarification “AM_CLA_0297: Clarification regarding application of ACM0002

for captive purpose", and decided to request the MP to review the recommendation (see paragraph 10 above).

(b). Methodological standard for small-scale CDM project activities

(i). New methodologies and tools (small-scale)

15. ► **Action:** The MP may wish to consider the new small-scale methodologies:

(a) "SSC-NM107: Emission reduction by hydrogen fuel cell vehicles";

Background: The Board, at its 116th meeting (EB116 meeting report, para 31), requested the MP to further work on the draft new methodology "SSC-III.XX: Hydrogen fuel cell vehicles" recommended by the MP based on the submission "SSC-NM107: Emission reduction by hydrogen fuel cell vehicles" taking into account the feedback provided by the Board.

(b) "SSC-NM108: Emission reduction by application of Dry-cultivated Water-saving and Drought-resistance Rice (D-WDR) in rice cultivation".

Background: Development of new methodologies and tools are based on bottom-up submissions of proposed new methodologies or top-down processes in accordance with the "Procedure: Development, revision and monitoring methodologies and methodological tools".

(ii). Revisions to approved methodologies and tools (small-scale)

16. ► **Action:** The MP may wish to consider following submitted requests for revision:

(a) "SSC_826: Revision of AMS-III.R. to provide further clarity on monitoring requirements for biogas digester systems" for the revision of the methodology "AMS-III.R.: Methane recovery in agricultural activities at household/small farm level" (ver. 04.0);

(b) "SSC_835: Revision of AMS-III.S. to include low-emission vehicles/vessels/technologies to commercial vehicle/vessel fleets" for the revision of the methodology "AMS-III.S.: Introduction of low-emission vehicles/technologies to commercial vehicle fleets" (ver. 04.0).

Background: Development of new methodologies and tools are based on bottom-up submissions of proposed new methodologies or top-down processes in accordance with the "Procedure: Development, revision and monitoring methodologies and methodological tools".

17. ► **Action:** The MP may wish to consider the top-down revision of following methodologies applicable to CFL technologies (see also paragraph 12 above):

(a) "AMS-II.C.: Demand-side energy efficiency activities for specific technologies";

(b) "AMS-II.J.: Demand-side activities for efficient lighting technologies";

(c) "AMS-III.AR.: Substituting fossil fuel-based lighting with LED/CFL lighting systems".

Background: The Board, at its 116th meeting (EB116 meeting report, para 29), requested the MP to review and, if needed, revise the methodologies (AMS-II.C., AMS-II.J. and AMS-

III.AR.) to clarify eligible energy efficient lighting technologies. In addition, the Board requested the MP to further assess the eligibility of different compact fluorescent lamps technologies as project technologies (e.g. considering the additionality aspects and environmental impacts of disposal) and propose limitations where deemed necessary.

18. ► **Action:** The MP may wish to consider the following top-down revision of methodologies and tool:

- (a) “AMS-III.R.: Methane recovery in agricultural activities at household/small farm level”;
- (b) “AMS-III.D.: Methane recovery in animal manure management systems”;
- (c) “AMS-I.I.: Biogas/biomass thermal applications for households/small users”;
- (d) “TOOL14: Project and leakage emissions from anaerobic digesters”.

Background: The Board, at its 116th meeting (EB116 meeting report, para 33), requested the MP to conduct further analysis and consider possible revisions of the methodologies and tool (AMS-III.R.; AMS-III.D.; AMS-I.I.; and TOOL14) addressing fugitive methane emissions from biogas digesters and use of updated Intergovernmental Panel on Climate Change (IPCC) methods.

(iii). Requests for clarification of methodologies and tools (small-scale)

19. ► **Action:** The MP may wish to consider the submitted request for clarification “SSC_833: Clarification on the application of AMS-III.C. to e-bikes” (regarding AMS-III.C., ver. 16.0).

Background: Requests for clarification are considered by the MP in accordance with the “Procedure: Development, revision and clarification of baseline and monitoring methodologies and methodological tools”.

Agenda item 3.1.1. Post-registration changes

20. ► **Action:** The MP may wish to note that no request for input to post-registration changes for small-scale and large-scale methodologies or tools has been received by the MP since the last meeting, the 89th meeting of the MP.

Background: In accordance with the “CDM project cycle procedures”³, a designated operational entity (DOE) may submit a request for approval of post-registration changes. If the secretariat, during the preparation of the summary note, identifies issues that require input from a relevant panel, it shall place the case on the agenda of the next meeting of the panel.

Agenda item 3.1.2. Deviations from approved methodologies and tools

21. ► **Action:** MP may wish to note that no request for input to deviations from small-scale and large-scale methodologies or tools has been received by the MP since the last meeting, the 89th meeting of the MP.

Background: In accordance with the “CDM project cycle procedures”, a DOE may submit a request for deviation from an approved methodology or tool. If the secretariat, during the

³ The procedures are available on the UNFCCC CDM website
<<http://cdm.unfccc.int/Reference/Procedures/index.html>>.

preparation of the summary note, identifies issues that require inputs from a relevant panel or working group, it shall place the case on the agenda of the next meeting of the panel or working group.

Agenda item 3.2. Other issues

22. ► **Action:** The MP may wish to consider the matters related to the development of subnational/regional values of fraction of non-renewable biomass (fNRB).

Background: The Board, at its 116th meeting (EB116 meeting report, para 25), requested the MP to develop subnational/regional values of fNRB, building on scientific studies and engaging external experts. The Board highlighted that such default values should be consistent with the methods contained in “TOOL30 Calculation of the fraction of non-renewable biomass”. The Board further requested the MP to prepare a concept note based on the work undertaken and propose a revision to TOOL30 and/or related methodologies/tools if there is a need to further clarify and/or revise elements of TOOL30 or related methodologies/tools, in light of the work undertaken on default values.

Agenda item 4. Conclusion of the meeting

23. ► **Action:** The MP may wish to adopt the report of the 90th meeting.
