Paragraph 8 of the annotated agenda

Outcomes of CDM-AP 101

CDM EB 126

Belém, Brazil, 8 to 9 November 2025

UNFCCC Secretariat

Mitigation Division

Summary of the outcome: CDM-AP 101

- CDM-AP held its 101st meeting on 9 September 2025 in Bonn, Germany.
- CDM-AP 101 considered 17 cases, and all these cases were forwarded to the Board, resulting in 5 recommendations and 12 notifications on cases to be considered at this meeting.

Activity	No. of cases	For EB consideration	AA para.
Initial accreditation	1	Recommendation	8
Regular surveillance	4	Recommendations	9-12
Performance assessments	2	Recommendations	13-14
Notifications of change	8	Notifications	15
Other issues – voluntary withdrawal	2	Notifications	16

CDM-AP also **took note of the DOE performance monitoring reports** to the Board and to the CDM-AP on twenty-sixth monitoring report (second iteration), twenty-seventh monitoring period (second iteration) and twenty-eighth monitoring period (first iteration, which is also the final version) and **made a recommendation to the Board**.

The CDM-AP recommends that the Board:

- a) Take note of this presentation;
- b) Take note of the reports of the CDM-AP 101 meeting.

Thank you.
