

Capacity development on CDM PoA: The Priority Sectors and Areas

Venue: UNFCCC
Workshop on Programme of Activities under the CDM:
Challenges and the Road Ahead
7-8 May 2011, Bonn

Author: Perspectives GmbH, Hamburg
Marc André Marr
Alberto Galante

Agenda

- Requirements for Capacity Development
- The Priority Sectors and Areas within the PoA cycle
- Exemplary PoA Capacity Development needs
 - For one specific PoA

Requirements for Capacity Development

The Power of Simplicity

What is required for providing
Capacity Development?

What is required for providing Capacity Development?

Overall Strategy

Why?

What is required for providing Capacity Development?

Specific Measures

What?

Priority Sectors and Areas within the PoA cycle

Capacity Development for PoAs Priority Sectors and Areas

**Prior to PoA development
„Pave the way“**

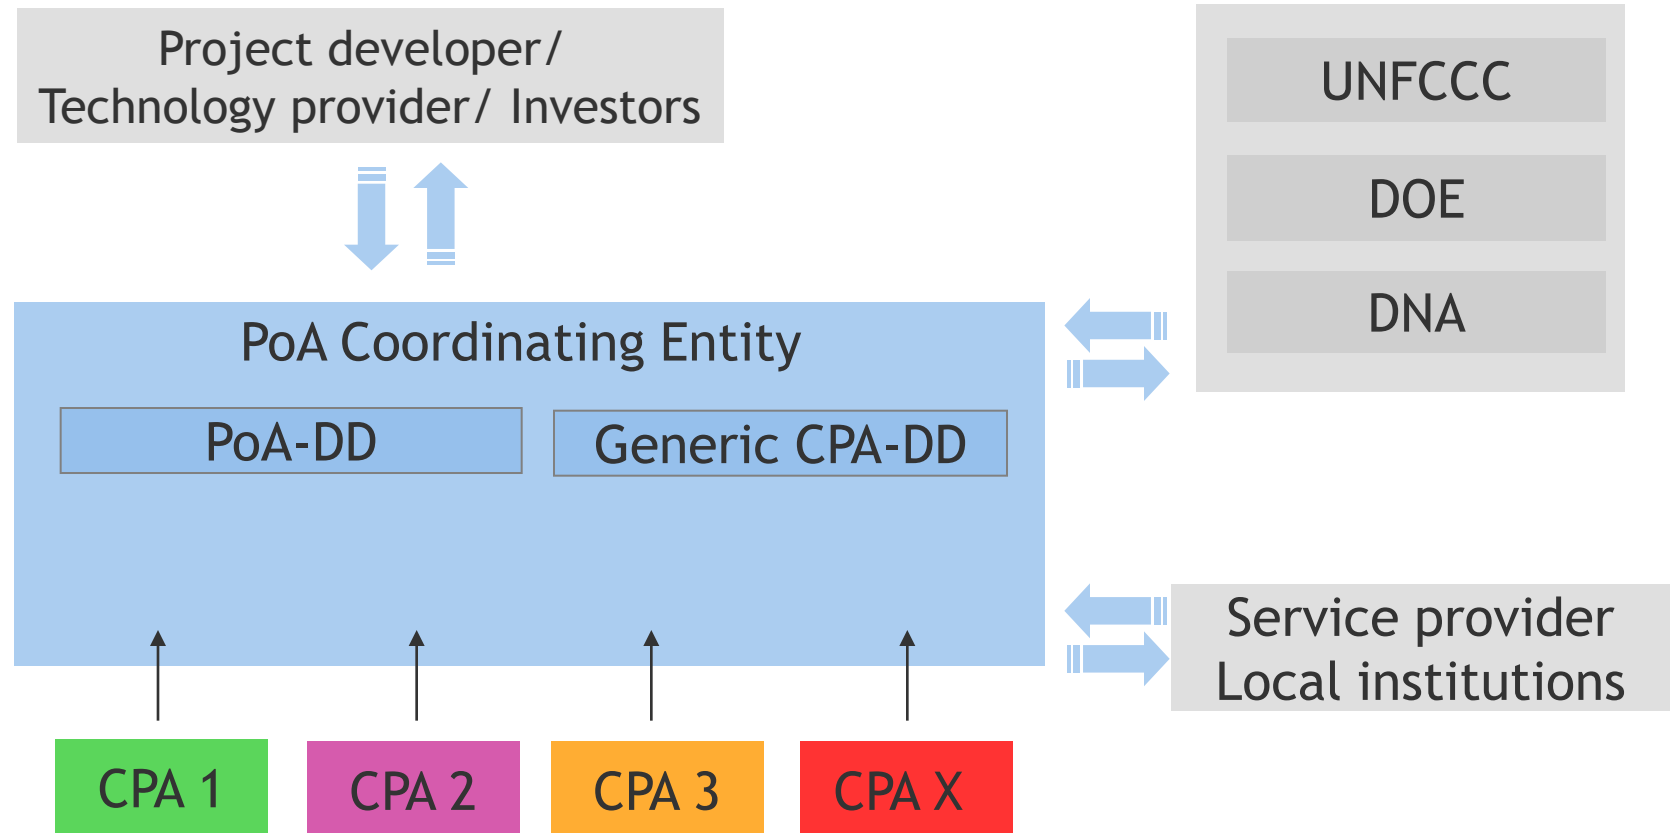

and

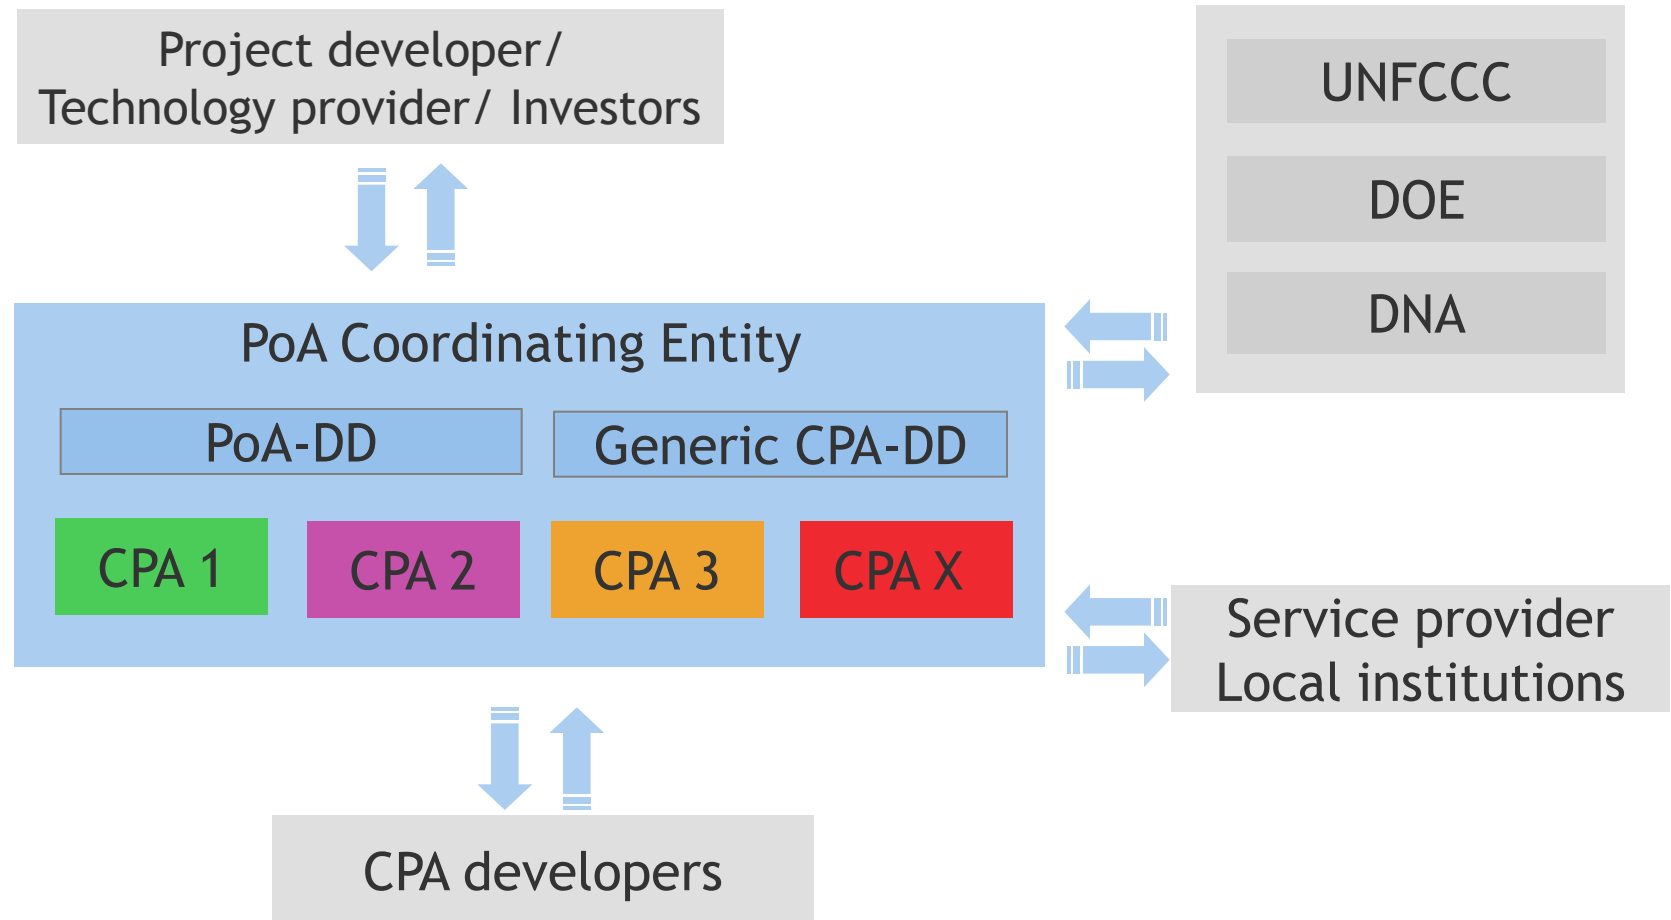

**Bound to real case /specific PoA
„Walk the way“**

The “simplified” interactions within a PoA

The “simplified” interactions within a PoA

Capacity Development for PoAs Priority Sectors and Areas

Prior to PoA development - „Pave the way“

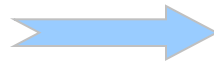

During PoA development - „Walk the way“

Capacity Development for PoAs Priority Sectors and Areas

Prior to PoA development - „Pave the way“

1) UNFCCC/EB/DNA/DOE

Simplify/Streamline
PoA Rules & Procedures

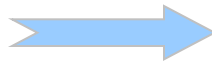

During PoA development - „Walk the way“

Capacity Development for PoAs Priority Sectors and Areas

Prior to PoA development - „Pave the way“

1) UNFCCC/EB/DNA/DOE

Simplify/Streamline
PoA Rules & Procedures

2) Project developer/
Technology provider/
Investors

CDM + PoAs as one option
Pros & Cons of PoAs

During PoA development - „Walk the way“

Capacity Development for PoAs Priority Sectors and Areas

Exemplary PoA Capacity Development needs

PoA Capacity Development
During a specific PoA development

PoA Capacity Development
During a specific PoA development

1. **CME Assessment** – Capacities, Strengths/Weaknesses

PoA Capacity Development
During a specific PoA development

1. **CME Assessment** – Capacities, Strengths/Weaknesses
2. **PoA Design & Business Model** - Objectives, CDM Implications

PoA Capacity Development
During a specific PoA development

1. **CME Assessment** – Capacities, Strengths/Weaknesses
2. **PoA Design & Business Model** - Objectives, CDM Implications
3. **Tasks and Responsibilities** for CME

PoA Capacity Development
During a specific PoA development

1. **CME Assessment** – Capacities, Strengths/Weaknesses
2. **PoA Design & Business Model** - Objectives, CDM Implications
3. **Tasks and Responsibilities** for CME
4. **Contractual Arrangements, legal structure**

PoA Capacity Development
During a specific PoA development

1. **CME Assessment** – Capacities, Strengths/Weaknesses
2. **PoA Design & Business Model** - Objectives, CDM Implications
3. **Tasks and Responsibilities** for CME
4. **Contractual Arrangements, legal structure**
5. **Interaction with stakeholders** – Service providers, banks, etc.

PoA Capacity Development
During a specific PoA development

1. **CME Assessment** – Capacities, Strengths/Weaknesses
2. **PoA Design & Business Model** - Objectives, CDM Implications
3. **Tasks and Responsibilities** for CME
4. **Contractual Arrangements, legal structure**
5. **Interaction with stakeholders** – Service providers, banks, etc.
6. **Matching Theory and Practice**

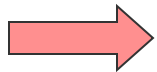

PoA Capacity Development During a specific PoA development

1. **CME Assessment** – Capacities, Strengths/Weaknesses
2. **PoA Design & Business Model** - Objectives, CDM Implications
3. **Tasks and Responsibilities** for CME
4. **Contractual Arrangements, legal structure**
5. **Interaction with stakeholders** – Service providers, banks, etc.
6. **Matching Theory and Practice**
 - Implementation of PoA, Inclusion process, Monitoring

PoA Capacity Development
During a specific PoA development

1. **CME Assessment** – Capacities, Strengths/Weaknesses
2. **PoA Design & Business Model** - Objectives, CDM Implications
3. **Tasks and Responsibilities** for CME
4. **Contractual Arrangements, legal structure**
5. **Interaction with stakeholders** – Service providers, banks, etc.
6. **Matching Theory and Practice**
 - Implementation of PoA, Inclusion process, Monitoring

Backstopping throughout the PoA development

Finally - Adjust to local conditions

Finally - Adjust to local conditions

Thank you!
